Bushfire Response Procedures / Arrangements for 2014-2015 Fire Season
In the event of a bushfire, it may be necessary to move students off site to a safer site within the community. This decision will be made by the Workplace Manager (Principal) in consultation with emergency services officers.

Off-site evacuation sites could include:
- The Anglican Church Car Park
- The Soccer Oval- Tea Gardens
- Tea Gardens - Hawks Nest Surf Life Saving Club
Any area designated by the Workplace Management Team and emergency services.

If necessary students will be evacuated by bus. To ensure we are ready to act, our students and staff hold evacuation drills at least twice annually to practise and improve our response procedures.

Myall River Festival Preparations
Our students have been actively involved in parade preparations. Classes have assisted in making lanterns and painting backdrops which will be used during the 2014 Myall River Festival on Saturday 25 October. The lanterns and backdrops look absolutely fabulous. Congratulations to everyone involved!

Did you know? ... spending too much sedentary or “still” time watching TV, surfing online or playing computer or electronic hand-held games is linked to children becoming overweight or obese.

Australian guidelines recommend that children spend no more than 2 hours each day on small screen entertainment.

While computers and TV can be valuable for education and learning, the health benefits, skills and enjoyment that kids get from being physically active are just as important.

Try setting limits for screen-time and encourage active and outside play as much as possible.

Here are some screen-free activities to do with your children:
- listen to music
- walk to the park
- jump rope
- build a cubby house
- play with your pet
- play hopscotch

Key points to remember around schools

2 Driving near school buses

There is a 40km/h speed limit for traffic passing a school bus that is setting down or picking up school children.

This speed limit is for all traffic travelling in the same direction as the bus, whether the bus is stationary or moving.

The 40km/h speed limit must be obeyed when the rear wag wag lights on the bus flash.

Flashing headlights on these buses also alert oncoming motorists that children are close by.

As a driver, remember: When the lights on the bus are flashing, you must slow down to 40 km/h.

Never park in or near a bus stop or bus zone.

For information about fines and demerit points, visit rms.nsw.gov.au

3 On and off the bus safely

Your child is most at risk in the minutes after getting off the bus. You can reduce this risk.

Meet your child (or arrange for another trusted adult to meet your child) AT THE BUS STOP, NEVER ON the opposite side of the road.

Wait until the bus has been driven away before choosing the safest place to cross the road, then follow the usual road crossing procedures with your children.

STOP! One step back from the kerb.

LOOK! For traffic to your right, left and right again.

LISTEN! For the sounds of approaching traffic.

THINK! Whether it is safe to cross.

Teach your children to keep turning their head in both directions to look and listen for traffic as they cross the road.

While waiting at the bus stop, stand well away from the passing traffic. Never wait right at the kerb.

Remind your children that when a bus is fitted with seatbelts, they must buckle up.

Until they turn ten, hold hands with your child as you cross the road.

4 Hold your child's hand

As pedestrians, children can be easily distracted and are often too small to be seen by drivers. They may be unable to predict or identify dangers and tend to act impulsively.

Talk with your child about safe behaviour on the footpath – it is not a safe place to play. Include discussion on the dangers of vehicles that may be entering or exiting driveways.

Until your child is at least eight years old, hold their hand:

- on the footpath,
- in the car park,
- when crossing the road.

Up until at least 10 years old, supervise your child very closely, holding their hand when crossing the road.

If you cannot be with your child, organise for another trusted adult to accompany them.

After school, meet your child at the school gate. At the end of the school day children may be excited, distracted and tired and may not concentrate on road safety.

5 Helmet and safety on wheels

Your child must wear a helmet when riding a bike in any public place – it’s the law.

Your child’s helmet must comply with the Australian and New Zealand Standards. It must be securely fitted and fastened on their head.

Check that your child wears a bicycle helmet whenever playing or riding on wheels - bikes, scooters, roller skates, skateboards or rollerblades. The helmet should be firmly buckled so it fits without wobbling or slipping to the sides. It must protect the forehead.

Although children quickly learn to pedal, steer and brake, they are not ready to cycle near traffic or on the road.

Children under 12 and adult riders accompanying and supervising them may ride on the footpath, unless there are signs specifically prohibiting cycling.

When riding on the footpath, cyclists must keep to the left and give way to pedestrians. Children need to take special care at driveways where vehicles may be driving in or out. At intersections, children must dismount and wheel the bicycle across the road as a pedestrian, following the ‘STOP! LOOK! LISTEN! THINK!’ procedure.
